

Sharper Focus on

Nutrients

Diets deliver more than ingredients. That's why Cargill considers nutrients to be the foundation. Our sharper focus in defining, assessing and delivering nutrients leads to stronger dairy animal performance. This is how Cargill works with customers. Explore our approach at cargillanimalnutrition.com.

- ◆ No. 2 for Fat and % Fat
- ◆ No. 7 for PII
- ◆ Ideal for TILLER blood
- ◆ All-American laced pedigree for tanbark success

Cedar Fringed Altann (EX-95-EX-95-MS-GSD), dam of 7GU395 AARON and three-time National Grand Champion. *Fisher photo reversed.*

Regardless of selection criteria, there is a spot in your mating program for AARON. He is the first proven son of world-famous Cedar Fringed Altann, who has produced more than 150,000M lifetime. AARON joins active A.I. as an elite fat sire, ranking No. 2 in the breed. His daughters have very high, wide rear udders and track correctly on their feet and legs. As the sire of the winning Jr. 2-year-old at the MN State Fair, AARON has already proven that he will continue the family tradition on the tanbark. An added bonus, this Option son will mate ideally on TILLER blood. Call your Select Siras representative today and get introduced to AARON!

Small inset photo above: Daughter of 7GU395 AARON, Pine Drive Acres Dazzle (VG-87-95-87-MS), 1st Jr. 2-year-old, Minnesota State Fair, 2006, Brandon Grove, Cumberland, WI.
©2007 USDA & ASA PMA. % Fat: 7.9% Yield: 88% Type: AARON cannot qualify for export to Canada.
