PREFIX RESERVATION RULES:

- This prefix will be reserved for the sole use of the account above, as well as any permitted users listed below. You may add or remove permitted users at any time by contacting the office.
- Your prefix may have letters, spaces, or numeric digits. The only permitted punctuation is a dash (-). No apostrophes, commas, quotation marks, periods, exclamation marks, or any other form of punctuation.
- If the prefix you are requesting is already in use, but not reserved, by another Guernsey breeder, who has been utilizing the prefix for a longer time period than the requestor, they will have the right of first refusal to reserve the prefix. This will consist of a 30-day period, beginning with the notification from AGA office, to file the reservation with any applicable fees. If the prefix is not reserved during this period, it may then be reserved by the applicant.
- Should two or more entities have established, active, simultaneous use of the same prefix without reserving it for at least 10 years, neither may reserve said prefix without the agreement of all other users to relinquish. This applies even if one entity has been using the prefix for a longer time period.
- The Executive Secretary has the final authority to resolve prefix disputes.
- We recommend your prefix not exceed 15 characters/spaces. It absolutely may not exceed 20.
- Prefixes reserved by Junior Members will expire as Junior Membership expires unless the member converts to a Lifetime Membership within one year of turning 21 years old.
- Only one prefix may be reserved per account.
- If a prefix is unused for a period of 20 years, it may be released by the AGA for a new account to use, with prior notice. Prefixes may be permanently reserved for \$100 - contact the office for this option.
- All prefixes are subject to final approval by the Executive Secretary.

Rules effective April 1, 2026
